

2018 IODP Program Member Offices (PMO) Meeting
Goa, India
21 September 2018

Action Items and Consensus Statement

PMO Action Item 1801: The continued participation of the Republic of Korea in IODP is of keen interest to all IODP members countries/consortia. To assist in the Korean renewal process in IODP, Korean PMO Director Gil Young Kim has requested letters of support from each of the other IODP PMOs.

PMO Action Item 1802: An IODP Forum subcommittee will be assembled to consider the development of an IODP program-wide Code of Conduct document. Members of the subcommittee will include Leanne Armand, Carl Brenner, Priscila Lelis Cagni, Brad Clement, Nobu Eguchi, Harue Masuda, Dave McInroy, and Antony Morris.

PMO Action Item 1803: Over the next year, IODP members and consortia will pursue national scientific and logistical strategies for post-2023/4 scientific ocean drilling via a series of PMO-sponsored workshops. One or two leaders of each of these workshops will be invited to the 2019 IODP Forum meeting to present their results to the Forum, engage in discussions with each other and the Forum members, and begin the process of integrating their findings and conclusions.

PMO Consensus 1801: The next PMO meeting will take place in 2019 in Osaka, Japan, the day after the next IODP Forum meeting, and will be chaired by Nobu Eguchi.
