Dear IODP Research Community,

As you know, the JAMSTEC IODP data website www.sio7.jamstec.go.jp was taken down from the internet after a JAMSTEC security review in Aug of 2020.

The security incident of March 2021, which impacted the entire JAMSTEC organization, was not related to this, but the subsequent security review required the sio7 website to remain down until after an intensive internal review process.

We are happy to announce that the sio7 website has been reopened to the public at this address:

<https://www.jamstec.go.jp/sio7/>

The old address (www.sio7.jamstec.go.jp) will automatically redirect to the new URL. We appreciate your patience and understanding during this time.

Cheers,

Sean Toczko
